Directors' Report

To the shareholders

Your Directors are pleased to present their report on the business and operations of the Company together with the Audited Accounts for the financial year ending 31st March, 2017.

Restructuring of FHEL

Keeping in view the losses incurred by the Company year after year despite implementation of various strategic measures, it was agreed that (a) company will not do any purchase/procurement during the year; and (b) leasing model for CA (Controlled Atmosphere) chambers would be followed for the year 2015-16.

Further, Committee of Secretaries (COS) in its meeting held on 13.07.2015 recommended that Ministry of Railways (MoR) may consider the possibility of divesting the Company to the Private sector. However, HSIIDC in their letter in December, 2015 refused to transfer land lease arrangements on which the facility has been constructed to any private entity, thus making divestment not a feasible option.

However, of late number of private parties has approached FHEL for taking the facility on rent for general warehousing purposes. Accordingly, a request was again made in Feb., 2017 to HSIIDC for transfer of the land lease in the name of FHEL and change of land use from Cold Chain complex to warehousing purpose. HSIIDC vide their letter of April, 2017 agreed in principle to transfer the land lease in the name of FHEL. Our request for change of land use is under consideration by HSIIDC.

Operations & Marketing Review

Due to poor apple crop in 2016-17, renting of CA Chambers was very badly hit. Presently, efforts are being made to lease out entire facility to interested parties on long term basis.

Statutory Auditor is paid remuneration of Rs 1,08,000/- plus Service Tax, as fixed by Board of Directors'.

The Statutory Auditors of your Company have given report on the accounts of the Company for the financial year 2016-17, drawing attention under 'Emphasis of Matter' in respect of sundry debtors and Company's ability to continue as a going concern. Management's replies to the points raised by Statutory Auditor are as under -:

Statutory Auditor's Remarks	Management's Replies
<p>Statutory Auditor Report-Emphasis of Matter</p> <p>4.1 (A) Note 7 to the financial statement in respect of sundry debtors there is uncertainty related to the outcome of the lawsuit filed against various sundry debtors.</p>	<p>It is stated that 7 cases are subjudice in legal proceedings.</p>
<p>Statutory Auditor Report-Emphasis of Matter</p> <p>4.1(B) The financial statement which indicates that the Company has accumulated losses and its Net Worth has been fully/ substantially eroded, the Company has incurred a net Loss / net Cash loss during the current year and previous year(s) and, the Company current liabilities exceeded its current assets as at the balance sheet date. These conditions indicate the existence of a material uncertainty that cast significant doubt about the Company's ability to continue as a going concern. However, the financial statements of the Company have been prepared on a going concern basis for the reasons stated in the said Note.</p> <p>Our opinion is not modified in respect of these matters.</p>	<p>FHEL is a fully owned subsidiary of CONCOR. It was incorporated in February 2006 with Rs.35 Crores equity capital received from CONCOR, and became operational in the financial year 2008. As on 31.03.2017, the paid up share capital of the company stood at Rs. 145.67 crores. FHEL intends to derive its strength from CONCOR, its holding company & is convinced of long term value in this segment.</p> <p>We are in the process of re-engineering the business and have already applied for conversion from cold storage to normal warehouse to HSIIDC and by this we expect good results and company is likely to become viable.</p>

The comments of the Comptroller & Auditor General (C&AG) of India vide letter no. PDA/RC/RPSU/32-70/FHEL/2017-18/66 dated 07.09.2017 on the Audited Financial Statements of your Company for financial year ended on 31.03.2017 have been received mentioning that on the basis of audit nothing significant has come to knowledge which would give rise to any comment upon or supplement to Statutory auditors' Report. MANAGEMENT DISCUSSION AND ANALYSIS

1. Industry Structure & Developments :

Food/Agriculture and medical sectors are perhaps most important for the mankind and any country. Accordingly, Food/Agri Sector is on priority list of present Indian government as well. In the Agri sector, Fruits and Vegetables segment holds a prominent position. India is a largest producer of vegetables and second largest producer of fruits in the world, Rs. 2,00,000 crores plus. This in itself is a proof that Fruits and Vegetables sector and businesses dealing with it hold immense business potential. As per data available, nearly, 18% of the total Fruits and Vegetables production valuing approx. Rs. 36,000 crores plus perishes every year due to non-availability of appropriate and adequate cold chain infrastructure in the country. Hence, presents an excellent business opportunity.

Though, Fruits and Vegetables sector has its own challenges. Fruits & Vegetable business in India is almost entirely in the unorganized sector. The farm sizes are small and traditionally growers either bring their produce to nearby markets/ mandies or send the produce to commission agents for sale. All the players in the supply chain growers, commission agents, other middlemen and retailers, are totally unorganized. In recent past a few retail chains are also moving slowly and are developing formats which can generate profits. Due to the perishable nature of the commodity, the emphasis on fresh produce in retail chains is very low and this also is bought from nearby mandies only. Further, the country lacks Cold Chain infrastructure and therefore, generally during the season we see glut in the market & prices dip to unsustainable levels. All factors mentioned above lead to losses of produce.

Most of the Cold Store facilities available are suitable and used for Potato Storage. There is a gap with respect to availability of state of the art Cold Chain Infrastructure & Knowledge of Storage of other Fruits & Vegetables. This presents both a problem & an opportunity in this sector.

FHEL is one of the first companies who had invested in specialized CA Store for storage of apples. Encouraged by the suitability of technology and associated benefits, private sector has seized the opportunity and invested heavily in setting up of CA Stores in the country. In last 10 years, many facilities have come up in Delhi NCR and in apple growing states of Himachal Pradesh and Jammu & Kashmir. As on date the estimated CA Storage capacity in the country is 1.5 lac MT approx. This exponential increase in the capacity has resulted in rather stunted growth of imported apples, thereby, conserving precious foreign exchange for the country. Despite all these developments the import of apples is still increasing exhibiting further growth potential of CA storage in the country.

2. **Strength & Weakness :**

Strengths -:

- a) Fruits & Vegetable market in India is huge (approx. Rs. 2,00,000 Crore +) & high percentage (i.e. 18%) of perishability holds tremendous business potential for Cold Chain Infrastructure segment.
- b) The increase in the disposable income in hand of the consumer has led to year round demand for apples and hence larger demand for CA Storage.
- c) Being in operation for last 9 years the target customers are reasonably sure of our storage facility.
- d) Being a PSU, the transparent and uniform policies and dealings with all leads to better confidence among the clients.
- e) There is huge latent demand for quality produce, as country is importing large quantities of Fruits.
- f) High Margins in this trade are possible, resulting in higher demand potential.

Weaknesses -:

- a) The sector is highly unorganized.
- b) Smaller players like growers are not able to reap the benefit of long term CA Storage due to poor financial risk taking capacity.
- c) The design and storage format of the CA store also dissuade small clients and lot wise storage / withdrawal of the fruit which is the practice in the market.
- d) Lack of storage cost bearing potential of other Fruits and Vegetables and also the other products like rice, grains etc.
- e) Lack of knowledge of Pre-Harvest care and Post-Harvest Management among the clients leading to lesser interest in storing other products.
- f) Retail Chains have not come up as expected and so organized distribution is not possible.
- g) The trade is by & large on credit to stakeholders who do not have bankable credentials.

3. **Opportunity & Threats :**

Opportunities -:

- a) The proven results of apple storage in CA Stores in last 9 years has led to increased storage and the number of clients and hence bigger business opportunity.

- b) Improved living standards have led to higher and round the year demand of fruits in the country and hence increased emphasis on long term storage of Fruits and Vegetables.
- c) Since every year fruit imports is growing impressively, it shows customers are preferring quality fruit and thus organized business can make a significant contribution.

Threats -:

- a) High Capital cost leading to high rental rates.
- b) Big investments made by private sector parties, like commission agents, growers etc, by making both backward and forward linkages leading to shortening of the supply chain.
- c) Non- availability of trained Manpower.
- d) Increasing competition from Private player who have set up CA store in last few years.
- e) Unethical practices of differential pricing adopted by the private player.
- f) Nimbleness of private player by adapting to newer conditions like poor crop, glut in the market, negotiating with big clients etc.
- g) Offering bigger basket of services to the clients like free space for packing, extended credit period to the clients on the basis of their goodwill etc.

4. Segment-wise or Product-wise Performance

The Company is dealing in logistics of fresh fruits. All the activities of the Company revolve around this business and all the operations are in India. As such, there is no other reportable segment defined by Accounting Standard AS-108 related to Operating segment.

5. Internal Control Systems and their Adequacy :

The Company has in place well defined roles, responsibilities and authorities for employees at various levels. This coupled with robust internal MIS systems, ensures appropriate information flow to facilitate effective monitoring. Adherence to these processes is monitored through frequent internal audits. The Company has internal audit system that requires internal audit firm to certify the appropriateness of internal controls in operation and checks deviations from laid down procedures. The Internal Auditor is the external firm directly reporting to management at higher level, thus ensuring its independence. Reports of internal auditor are reviewed and compliances are ensured.

FHEL a wholly owned subsidiary of CONCOR, a Central Government Public Sector (PSU), is following all the Presidential Directives and Guidelines as issued by the Government from time to time regarding reservation for SCs, STs, OBCs, Physically Handicapped and Ex-servicemen in letter and spirit. As on 31.03.2017, there were 03-OBC and 02-SC employees.

17. Environment Protection and Conservation, Technological Conservation, Renewable Energy Developments, Foreign Exchange Conservation

Environmental protection and conservation, Technological conservation:
The company recognizes the vital importance of providing safe and healthy working environment and it complies with relevant statutory requirement w.r.t Occupational Health and safety within India.

The company believes sound environmental management enhances our competitive strength and benefits by contributing to the overall environment and economical well being of the communities we serve.

Measures taken for environmental protection and conservation:

The company has facility for **rainwater harvesting pits** at the CA Store, Rai where all the rain water collected (on roof top of the store and pavement) is re-charged to the ground.

Air pollution is arrested by proper installation of chimney of DG Sets as per the norms of Pollution control board.

Sound pollution of DG Sets is avoided by proper installation of Insulated canopy.

Disposal of sewer is made to the HSIIDC sewer treatment plant, thereby causing no **ground pollution**.

Water conservation is achieved by using electronic controllers for avoiding overflow of 442KL water tanks and timely detection and rectification of water leakages.

Foreign Exchange Conservation :

FHEL is one of the first companies who had invested in specialized CA Store for storage of apples. Encouraged by the suitability of technology and associated benefits private sector has seized the opportunity and invested heavily in setting up of CA Stores in the country. In last 10 years many facilities have come up in Delhi NCR and in apple growing states of Himachal Pradesh and Jammu & Kashmir. As on date the estimated CA Storage capacity in the country is 1.5 lac MT approx. Despite all these developments the import of apples is still increasing exhibiting further growth potential of CA storage in the country.

18. Outlook :

- (i) India is a huge country and the market for quality fruit & vegetables is growing rapidly. India is the second largest producer of Fruits & Vegetables in the world and this business is in excess of nearly Rs. 2,00,000 Crores. Out of this nearly 18% worth of fruit & vegetables perish due to lack of Cold Chain Infrastructure and lack of organized distribution and marketing. Hence the opportunity available is huge.
- (ii) The country is prospering, leading to higher disposable income available in common man's hand. This has fueled the demand for healthier food products like Fruits and Vegetables round the year, leading to higher demand for cold chain infrastructure across the country.
- (iii) Increasing trend exhibited by the import of Fruits and Vegetables.

- (iv) Encouragement to FDI. The foreign companies are bringing the latest knowhow in the country thereby creating newer business opportunity.

19. Risks & Concerns :

FHEL has identified the possible risks arising in the key areas of the company and also formulated risk management /mitigation measures.

Major risks involved are -:

- (i) The business is dependent on weather conditions, particularly rainfall. It can be adversely impacted with hail storm during pre-harvest period.
- (ii) Unorganized nature of the trade.
- (iii) Un-economical small farm holdings
- (iv) Lack of trained manpower
- (v) Local competition
- (v) Unethical practices adopted by private players.
- (vi) Differential pricing vis a vis transparent and uniform policy adopted by PSU's.

Implementation of risk mitigation/management measures is reviewed by Audit Committee and Board periodically.

20. Corporate Social Responsibility (CSR)

Being a loss making entity, FHEL is not mandated to incur any expenditure towards CSR in accordance with the provisions of Companies Act, 2013 and rules made thereunder.

21. Cautionary Statement

Statements in the Directors' Report and Management Discussion & Analysis, describing the Company's objectives, projections and estimates, expectations, predictions etc. may be "forward looking statements" within the meaning of the applicable laws and regulations. Forward looking statements contained herein are subject to certain risks and uncertainties that could cause actual results to differ materially from those reflected in the forward-looking statements. A. CONSERVATION OF ENERGY

- (i) The details of various measures taken during the year under various heads of Energy Conservation are as follows -:

1. POWER CONSUMPTION FOR REFRIGERATION AND AIR CONDITIONING, AUXILIARY UNITS

- (a) Energy Saving Screw Compressors and Chillers have been installed and used for refrigeration of CA Store, Processing Area Air Conditioning and Office building. Also, Variable frequency drives (VFDs) have been used for Refrigeration compressors, Cooling coil fan motors (312 motors), Air cooling unit fan motors for Air-conditioning (51 motors), Cooling tower fan motors (6 motors), Carbon dioxide scrubbers (12 motors).
- (b) Cooling towers and Condenser water pumps are operated based on ambient conditions and actual requirement.
- (c) Optimization of Running of refrigeration compressors and air conditioning system.
- (d) Cleaning and replacement of air filters for air compressors, nitrogen generator compressors and diesel generators.

2. Lighting :

Energy Conservation in lighting is achieved by use of Energy efficient tube lights for entire plant, use of CFL's for office building, use of electronic ballasts, cleaning of light fittings for optimum utilization of light illumination and lighting voltage optimization. During the year special care was taken to ensure that lights operated only in areas where it was required. Area identified and implemented were External lighting, utility area, corridors, sorting hall, packing hall, machine room, and office building.

3. Heat energy :

Loss/Gain of heat energy in the cold room is prevented by optimum thermal insulation thickness for stores and cladding for pipe lines for minimal heat loss/ gain, cleaning of chilled water tubes, condenser water tubes and Minimum Infiltration of external Air to Cold Store and processing area by proper sealing of incoming and exit gates.

4. Fuel oil :

By regular and proper preventive maintenance and calibrations of components of diesel generators, minimum fuel consumption is ensured. By putting off Nitrogen Generator plant, forklifts and stacker charging, the load on the DG is reduced and these equipment are run when power supply is available from electricity Boards.

5. Water for cooling towers and processing :

Water conservation is achieved by use of electronic controllers for avoiding over flow for 442 KL water tanks, re-use of processed water, waste water and fruit washing water for horticulture and timely detection and rectification of water leakages.

6. Battery chargers for material handling equipments and other purposes:

Chargers are installed with automatic low current charging devices for energy saving.

Impact of measures taken for Energy Conservation

As per the decision of the management, FHEL changed its business model from procurement, storage & sale of apples to leasing of CA space. As the crop has been exceptionally poor in 2016, the demand for CA space has been poor/negligible. Due to this, plant was not operated. However, to conserve resources varied measures are being taken to reduce the electricity consumption. The electricity expenses for F/Y 2015-16 was of Rs. 1.98 Cr. & that in F/Y 2016-17 was Rs. 0.63 Cr.

(ii)The steps taken by the company for utilizing alternate sources of energy:- NIL

(iii)The capital investment on energy conservation on equipments:- NIL

B. Technology absorption

Secretarial Audit Report

(For the period ended on 31/03/2017)

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies
(Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Fresh & Healthy Enterprises Limited,
Concor Bhawan C-3 Mathura Road,
Opp Apollo Hospital, New Delhi-110076

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Fresh & Healthy Enterprises Limited** (hereinafter called the Company) a wholly owned subsidiary of Container Corporation of India Limited an Indian Government Company. Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon. Based on our verification of the books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period ended on 31/03/2017 complied with the statutory provisions listed hereunder and also that the Company has proper board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

1. I have examined the books, papers, minute books, forms and returns filed and other records maintained by **Fresh & Healthy Enterprises Limited** ("The Company") for the period ended on 31/03/2017 according to the provisions of:
 - i. The Companies Act, 2013 (**the Act**) and the Rules made thereunder.
 - ii. The Securities Contracts (Regulation) Act, 1956 ('**SCRA**') and the Rules made thereunder- Not Applicable
 - iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder- Not Applicable
 - iv. Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings- Not Applicable
 - v. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('**SEBI Act**') to the extent applicable to the Company:
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011- Not Applicable
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992- Not Applicable
 - c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009- Not Applicable

 - e. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008- Not Applicable

- f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client- Not Applicable
 - g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009- Not Applicable and
 - h. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998- Not Applicable
-
- vi. Compliance of guidelines issued by Department of Public Enterprises (DPE).
 - vii. The Agricultural Produce Marketing Act, 1998
 - viii. Food Safety and Standard of India Act, 2011
 - ix. The Legal Metrology Act , 2009
 - x. Pollution laws as applicable,
 - xi. Labour Laws as applicable,
 - xii. Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act 2013
 - xiii. Secretarial Standard Issued by Institute of Company Secretaries of India.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines etc. as mentioned above.

I further report that the Board of Directors of the Company is duly constituted with proper balance of non-executive directors and independent directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance except in some cases where consent was taken from the Directors for the same, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' views are captured and recorded as part of the minutes.

I further report that there are adequate systems and processes in the company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

Application of New or Revised Ind AS

At the date of preparation of these financial statements, there were some amendments issued to the existing Ind ASs, after the initial notification issued by the MCA. The amendments and the impact of such amendments on the Company has been summarised as follows:

Recent accounting amendments:

Standards issued but not yet effective

The Ministry of Corporate Affairs has notified Companies (Indian Accounting Standards) (Amendments) Rules, 2017, which are effective from April 1, 2017. These rules bring in amendments to Ind AS 7, 'Statement of cash flows' and Ind AS 102, 'Share-based payment'.

Amendment to Ind AS 7:

The amendment to Ind AS 7 requires the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes. Liabilities arising from financing activities are liabilities for which cash flows were, or future cash flows will be, classified in the statement of cash flows as cash flows from financing activities. In addition, the disclosure requirement in paragraph 44A also applies to changes in financial assets (for example, assets that hedge liabilities arising from financing activities) if cash flows from those financial assets were, or future cash flows will be, included in cash flows from financing activities. One way to fulfil the requirement is by providing a reconciliation between the opening and closing balances in the balance sheet for liabilities arising from financing activities. Where an entity discloses such a reconciliation, it shall provide sufficient information to enable users of the financial statements to link items included in the reconciliation to the balance sheet and the statement of cash flows.

The Company is evaluating the requirements of the amendment and the effect on the financial statements is being evaluated.

Amendment to Ind AS 2:

The amendment to Ind AS 2 is regarding the classification and measurement of share-based payment transactions. However Company does not have any share-based payments and accordingly this amendment is not applicable to the company.

NOTE 1: SIGNIFICANT ACCOUNTING POLICIES

1.1 Statement of compliance

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind ASs) notified under Section 133 of the Companies Act, 2013 ("the Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

Upto the year ended March 31, 2016, the Company prepared its financial statements in accordance with the requirements of the Accounting Principles generally accepted in India as prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (IGAAP), which was the previous GAAP. These are Company's first Ind AS financial statements. The date of transition to Ind AS is April 1, 2015.

1.2 Basis of preparation

The financial statements have been prepared with Indian Accounting Standards (Ind AS) under the historical cost basis except financial instruments that are measured at fair values at inception.

1.3 Property, plant and equipment:

- (i) Property, plant and equipment is stated at cost, less accumulated depreciation and accumulated impairment losses. The initial cost of an asset comprises its purchase price or construction cost, any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, the initial estimate of any decommissioning obligation, if any, and, for assets that necessarily take a substantial period of time to get ready for their intended use, finance costs. Cost is net of interest on capital advances and duty credits and is inclusive of freight, duties, taxes and other incidental expenses. In respect of assets due for capitalization, where final bills/claims are to be received/passed, the capitalisation is based on the engineering estimates. Final adjustments, for costs and depreciation are made retrospectively in the year of ascertainment of actual cost and finalisation of claim. Items such as spare parts, stand-by equipment and servicing equipment are recognised in accordance with this Ind AS 16 when they meet the definition of property, plant and equipment.
- (ii) Provision for stamp duty at the prevailing rate is made by the company at the time of capitalization of the amount paid for acquisition of land & is capitalised as part of the cost of Land.

Depreciation/amortisation:

- (iii) Property, plant and equipment are depreciated over its useful life and in the manner prescribed in Schedule II to the Companies Act 2013.
- (iv) Land leases where the lease term is for the significant economic life of the asset are considered as finance leases. Such leases are included in property plant and equipment and are depreciated over the lease period. Freehold land or perpetual land leases are not depreciated. Land leases where the lease term is not for the significant economic life of land are considered as operating leases and are classified as prepayments. Such leases are amortized over the lease term.

The estimated useful life and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

- (v) An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

1.4 Intangible assets: Intangible assets is stated at cost, less accumulated depreciation and accumulated impairment losses. Expenditure on computer software, which is not an integral part of hardware, is capitalised as an intangible asset. The cost of software includes license

fee and implementation cost and is capitalised in the year of its implementation. Software is amortized over five years being management's estimate of life of assets over which economic benefits will be derived. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

1.5 Impairment of non-financial assets:

At the end of each reporting period, the company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

1.6 Inventories:

Inventories are valued at cost or Net Realizable Value (NRV), whichever is lower. Cost comprise all costs of purchase, costs of conversion and other costs incurred in bringing the inventory to their present location and condition. Cost is determined on specific identification method for fresh fruits and First in First out (FIFO) method for other inventories.

1.7 Employee benefits:

(i) Liability for gratuity, leave salary, sick leave and medical reimbursements benefits payable to employees is provided for on accrual basis using the Projected Accrued Benefit Method (Projected Unit Credit Method with control period of one year) done by an independent actuary as at the Balance Sheet date. Defined benefit costs are categorised as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- remeasurement.

The Company presents the first two components of defined benefit costs in profit or loss in the line item [employee benefits expenses]. Curtailment gains and losses are accounted for as past service costs.

Remeasurement, comprising actuarial gains and losses, is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income will not be reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available

in the form of refunds from the plans or reductions in future contributions to the plans.

Termination benefits are immediately recognised in the statement of profit or loss account. A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

- (ii) Contribution to defined contribution plans such as Provident Fund and Family Pension Fund are charged to the Statement of Profit & Loss as and when accrued.
- (iii) The undiscounted amount of short term employee benefits expected to be paid for the services rendered are recognized as an expense during the period when the employees render the services.

1.8 Revenue recognition:

Revenue from sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discount and volume rebates. Sales are recognized when the significant risk and reward of ownership of goods are transferred to the customer and no significant uncertainty as to its determination or realization exists.

Income from automatic sorting and grading through machine and handling income is recognized by reference to the stage of completion of the contract, provided there is no significant uncertainty exist regarding the amount of consideration.

Interest income from deposits is recognized on accrual basis. Interest other than deposits is recognised at the time when no significant uncertainty as to its determination or realization exists. Interest on income tax refunds are accounted for on the finalization of assessments.

Rental income, cooling charges and income from space for sorting packing machine/strapping machine is recognized on accrual basis.

1.9 Claims/counter-claims/penalties/awards:

Claims/counter-claims/penalties/awards are accounted for in the year of its settlement.

1.10 Taxes on income:

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax base used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor

the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates that have been enacted or substantively enacted by the end of the reporting period.

Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

1.11 Borrowing cost

Borrowing costs directly attributable to the acquisition, construction or production of the qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognized in the Statement of Profit or Loss in the period in which they are incurred.

1.12 Provisions, contingent liabilities & contingent assets:

(i) Provisions:

Provisions are recognised when the company has a present obligation (legal or constructive) as a result of a past event, it is probable that the company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

(ii) Contingent liabilities:

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

(iii) Contingent assets:

Contingent assets are not recognized in the accounts. However they are disclosed when the possible right to receive exists.

1.13 Earnings per share (EPS)

Basic earnings per share ('EPS') is computed by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of shares outstanding during the year.

Diluted EPS is computed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the period except where the result would be anti-dilutive.

1.14 Cash and Cash Equivalent

For the purpose of presentation in the cash flow statement, cash and cash equivalents include cash on hand, demand deposits with banks, other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

1.15 Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

(i) The Company as lessor

Amounts due from lessees under finance leases are recognised as receivables at the amount of the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Company's net investment outstanding in respect of the leases.

Rental income from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

(ii) The Company as lessee

Assets held under finance leases are initially recognised as assets of the Company at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the Company balance sheet as a finance lease obligation.

Lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognised immediately in profit or loss, unless they are directly attributable to qualifying assets, in which case they are capitalised in accordance with the Company's general policy on borrowing costs. Contingent rentals are recognised as expenses in the periods in which they are incurred.

Rental expense from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the

lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred.

In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight-line basis, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

1.16 Segment reporting

The Companies's segmental reporting is in accordance with Ind AS 108 Operating Segments. Operating segments are reported in a manner consistent with the internal reporting provided to the board of directors, which is responsible for allocating resources and assessing performance of the operating segments, and has been identified as the chief operating decision maker.

1.17 Financial Instruments

Financial assets and financial liabilities are recognised when the company becomes a party to the contractual provisions of the instruments.

Initial recognition and measurement

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

Subsequent measurement

The company's financial assets represents assets whose contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding and these assets are held in a business model to hold the financial asset to collect the contractual cash flows at maturity consequentially in accordance with Ind AS 109 these assets are carried at amortized cost using effective interest rate.

The Company's financial liabilities are not held for trading and are also carried at amortized cost using effective interest rate.

De-recognition of financial assets

A financial asset and financial liabilities are de-recognised when they are discharged.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

1.18 Impairment of financial asset

In accordance with Ind-AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss for financial assets.

Trade receivable

As a practical expedient the Company has adopted 'simplified approach' using the provision matrix method for recognition of expected loss on trade receivables. The provision matrix is based on historical default rate observed over the expected life of the trade receivable and is adjusted for forward-looking estimates. At every reporting date, the historical default rates are updated and changes in the forward-looking estimates are analysed. Further receivables are segmented for this analysis where the credit risk characteristics of the receivables are similar.

Other financial assets

Impairment loss on other financial assets is recognised based on the difference between the present value of the expected cash flows and carrying value.

1.19 Key sources of uncertainties

Useful life of Property plant and Equipment and Intangible assets: As described at 3 and 4 above, the Company reviews the estimated useful lives of property, plant and equipment and Intangible assets at the end of each reporting period. The estimate of useful life may be different on account of change in business environment and change in technology which could have a material impact on the financial statement.

To tackle the credit default, Company has now adopted a policy of supplying material/ services against advance payment or against Bank guarantee. The Company has filed the legal cases in respect of some of the customers and expects a favourable outcome in all of the legal cases.

The Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward-looking information. The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as given in the provision matrix. The provision matrix at the end of the reporting period is as follows.

 Employers Contribution to Provident Fund

B. Defined Benefits Plans and Other Long Term Benefits

a) Contribution to Gratuity Funds - Employee's Gratuity Fund.

The Company has a defined benefit gratuity plan, which is regulated as per the provisions of Payment of Gratuity Act, 1972. The scheme is non funded. The liability for the same is recognized on the basis of actuarial valuation.

b) Leave Encashment/ Compensated Absence and sick leave.

The company has a defined benefit leave encashment plan and sick leave plan for its employees. Under this plan, they are entitled to encashment of earned leaves and medical leaves subject to certain limits and other conditions specified for the same. The liabilities towards leave encashment have been provided on the basis of actuarial valuation.

c) Leave Travel Concessions.

The Company provides LTC facilities to its employees, which is regulated in accordance with the policy framed in this regard. The liability for the same is recognised on the basis of actuarial valuation.

These plans typically expose the company to actuarial risks such as: investment risk, interest rate risk, longevity risk and salary risk.

Longevity Risk

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life's expectancy of the plan participants will increase the plan's liability.

Salary Risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The most recent actuarial valuation of the present value of the defined benefit obligation were carried out as at March 31, 2017 by Mithras Consultants. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

An actuarial valuation was carried out in respect of the aforesaid defined benefit plans and other long term benefits based on the following assumptions.

Expected contribution on account of Gratuity and Provident Fund for the year ending March 31, 2016 can not be ascertained at this stage.

Significant actuarial assumptions for the determination of the defined obligation are discount rate and expected salary increase. The sensitivity analysis below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

37. Financial Instruments

(1) Capital management

The Company's risk management committee reviews the capital structure on an annual basis or frequently as and when need arises. As part of this review, the committee considers the cost of capital and the risks associated with each class of capital. Based on this, the Company determines the amount of capital required for annual and long-term operating plans. The funding requirements are met through equity and short term borrowings. The Company monitors the capital structure on the basis of Net debt to equity ratio and maturity profile of the overall debt portfolio of the Company. The company isn't subject to any externally imposed capital requirements.

The Company is relying on the support of its holding company for meeting the long-term and short-term goals obligations. Further, the Company has already evaluated various business prospects based on which Management is of the view that there is no doubt about the viability of the Company and the Company will be in a good condition in the coming years without doubting its ability to continue as a going concern.

For the purpose of capital management, capital includes issued equity capital, securities premium and all other reserves attributable to the equity shareholders of the Company. Net debt long-term and short-term borrowings including interest accrued as reduced by cash and cash equivalents.

(i) Transition election

- (i) Reconciliation of equity as previously reported under Indian GAAP to Ind-AS
(ii) Adjustments to the statement of cash flows .

(i) Transition election

The Company has prepared the opening balance sheet as per Ind AS as of April 1, 2015 (the transition date) by recognising all assets and liabilities whose recognition is required by Ind AS, not recognising items of assets or liabilities which are not permitted by Ind AS, by reclassifying items from previous GAAP to Ind AS as required under Ind AS, and applying Ind AS in measurement of recognised assets and liabilities. However, this principle is subject to the certain exception and certain optional exemptions availed by the Company as detailed below.

Notes:

(i) As per Ind-AS, share issue costs incurred for raising additional equity is accounted for as a deduction from equity. Under previous Indian GAAP, such share issue costs is recognised as preliminary expenses and has amortised it over a period of five year.

(ii) As per the Ind-AS, prior period errors are corrected retrospectively by restating the comparative amounts for prior period presented in which error occurred or if the error occurred before the earliest period presented, by restating the opening balance sheet. Accordingly, prior period items of financial year 2015-16 has been adjusted on transition date i.e. April 1, 2015. Under previous Indian GAAP, prior period items are included in the profit or loss of the period in which the error is discovered.

(iii) As per Ind-AS, land leases where the lease term is not for the major part of economic life of land, are classified as prepayments and amortised over the period of the lease. Under previous Indian GAAP, land leases where classified as PPE and not amortised.

(iv) As per Ind-AS, Actuarial gains and losses on post-employment defined benefit plans to be recorded through OCI. Under previous Indian GAAP, Actuarial gains and losses were recognised in profit or loss.

(v) As per Ind-AS, loans are measured at fair value at inception. Difference between the fair value and the contractual value is recognized as deferred employee cost and amortised over the period of the underlying contract. Subsequently, loans have been measured at amortised cost at each reporting date using effective interest rate method. Under previous Indian GAAP such employee cost are not accounted for and interest cost is recognized based on the contractual interest rate.

(vi) As per Ind-AS, security deposit are measured at fair value at inception. Difference between the fair value and transaction value has been recognised as prepaid rent and amortized over the period of the underlying contracts. Subsequently, security deposit have been measured at amortised cost at each reporting date using effective interest rate method. Under previous Indian GAAP, security deposits are recorded at their transaction value.

(iii) Adjustments to the statement of cash flows .

The transition from Indian GAAP to Ind-AS had no significant impact on cash flows generated by the company. Cash flows relating to interest are classified in a consistent manner as operating, investing or financing each period.

Particulars	Note No.	Previous GAAP	Effect of transition to Ind AS	Ind AS

INDEPENDENT AUDITOR'S REPORT

TO

THE MEMBERS OF

M/s FRESH & HEALTHY ENTERPRISES LIMITED

1. Report on the Ind AS Financial Statements

We have audited the accompanying Ind AS financial statements of FRESH & HEALTHY ENTERPRISES LIMITED ("the Company"), which comprise the Balance Sheet as at 31st March, 2017, the Statement of Profit and Loss (including other Comprehensive income), the statement of Cash Flows and the statement of change in equity for the year ended and a summary of the significant accounting policies and other explanatory information (herein after referred to as "Ind AS financial statement").

2. Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind As) prescribed under Section 133 of the Act, read with relevant Rules issued there under.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

3. Auditor's Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under and the Order under Section 143(11) of the Act.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances.

An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

4. Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the financial position of the Company as at 31st March 2017, and its financial performance including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Annexure "A" to the Auditor's Report of Fresh and Healthy Enterprises Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Fresh and Healthy Enterprises Limited** ("the Company") as of 31 March 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section

143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations

of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6)(b) OF THE COMPANIES ACT, 2013 ON THE FINANCIAL STATEMENTS OF FRESH & HEALTHY ENTERPRISES LIMITED FOR THE YEAR ENDED 31 MARCH 2017.

The preparation of financial statements of FRESH & HEALTHY ENTERPRISES LIMITED for the period ended 31 March 2017 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 is the responsibility of the management of the company. The Statutory Auditors appointed by the Comptroller and Auditor General of India under Section 139 (5) of the Act are responsible for expressing opinion on the financial statements under Section 143 of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 12.05.2017.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit under section 143(6)(a) of the Act of the financial statements of FRESH & HEALTHY ENTERPRISES LIMITED for the period ended 31 March 2017. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records. On the basis of my audit nothing significant has come to my knowledge which would give rise to any comment upon or supplement to statutory auditors' report.

For and on the behalf of the
Comptroller & Auditor General of India
